Details Received of the Disturb-
ances at Vladivostok.

BUILDINGS BURN UP CAPTAINS REQUIRED

Theater, Golden Horn Hotel and a
Number of Blocks Occupied by
Chinese Fired by Mobs of
Irate Russians.

St. Petersburg, Nov. 15.—The Ameri-
can embassy has received from the
consul general at Vladivostok details of
the outbreak which began Sunday after-
noon immediately after the depart-
ure of the Russian armored cruisers.
The people, who had gathered in great
crowds in the streets, became excited
by inflammatory speeches. Many sol-
diers and sailors were also in an angry
mood, having expected to go home with
the squadron. The mob began to break
windows and pillage and set fire to the
theaters, the Golden Horn hotel, to sev-
eral blocks of Chinese buildings in the
northern part of the city and to the of-
ficers' residences and other buildings in
the eastern quarter. The fires burned
all night. Seventy buildings were con-
sumed. Troops were summoned to re-
store order and fired frequent volleys
killing many persons.

Just before the American consul tel-
egraphed the commandant of the fort-
ress of Vladivostok, assisted by the
priests and leaders of the workmen's
organizations, addressed the mob urg-
ing them to keep the peace, but the
consul said he feared the attempt
would be in vain.

Mr. Greener added that twenty-four
merchant vessels in the harbor were
now crowded with inhabitants. The
consul was on board a steamer when he
sent his dispatch and he expects to re-
main there.

APPEAL FOR MERCY.

Intercessions For Cronstadt Mutineers
Continue to Be Made.

St. Petersburg, Nov. 15.—The clergy
with other classes continue their in-
tercessions for the Cronstadt mutineers,
151 of whom are reported to have been
condemned to death. A hundred ortho-
dox priests, at a meeting held at the
residence of Metropolitan Antonius,
formulated and despatched an appeal
for mercy to the emperor.

KILL, PLUNDER, BURN.

Seven Hundred Armenians Attack a
Tartar Village.

Tiflis, Nov. 15.—It is reported that in
the government of Erivan 700 Armeni-
ans from a number of villages attacked
the Tartar village of Gors, killed many
of the villagers and plundered and
burned all property.

PRESIDENT'S REPLY.

No Desire to Injure the Railroads or
Those Employed by Them.

Washington, Nov. 15.—In reply to the
representatives of the five railroad la-
bor unions, who called on him, re-
questing that there be no regulation of
railroad freight rates for fear of wage
reductions, President Roosevelt assured
his callers that it was not his purpose,
or the purpose of those who favored
railroad rate legislation, to do anything
that might injure the railroads of the
country, or incidentally the employees
of the railroads. He said that it was
his purpose that all classes—railroads,
shippers and employees—should have
perfectly fair treatment. He was of
the opinion that the proposed legisla-
tion would not mean a reduction, nec-
essarily, in railroad rates, and sug-
gested that the members of the dele-
gations, therefore, were proceeding on a
wrong understanding of the situation.

LARGE SUM ASKED.

Three Million, Seven Hundred and
Fifty Thousand Dollars Desired.

Guthrie, Nov. 15.—Louis H. Rahn,
who has filed a suit against Thomas
W. Lawson of Boston for \$3,750,000
damages formerly lived at El Reno,
Okla., where he owned and operated a
hotel for several years before locating
in Urique, Mexico. He maintains Law-
son failed to keep a contract to buy
mining claims in the vicinity of Urique.
Lawson recently filed a demurrer in
the Massachusetts supreme court de-
claring any legal obligation on his part.

SERIOUS ASPECT.

Anti-American Boycott by No Means
Has Been Suppressed.

Washington, Nov. 15.—Cable advices
to the state department from Singapore
Straits Settlements brings the news
that the anti-American boycott in that
quarter, which was thought to be prac-
tically suppressed, has, on the contrary,
taken on a decidedly serious aspect.
Many anonymous letters have been re-
ceived by merchants who have dealt in
American goods, which had the effect
of completely paralyzing trade, which,
in Singapore, is very largely conducted
through Chinese merchants.

Number of Casualties.

Madrid, Nov. 15.—A number of casu-
alties resulted at various points from
the municipal elections. At Valladolid
one man was killed and many injured.
At Somer Rostro eight persons were
shot and seriously injured, and at Val-
tierra five men were injured. In Bilbao
the ballot boxes were rifled and the
election was annulled.

Chief of That Department Makes
Some Suggestions.

Forty-Seven Companies Have No One
to Command Them, and an In-
crease of Both Officers and
Men Is Urged.

Washington, Nov. 15.—General Sam-
uel M. Mills, chief of artillery, says
that the manning coast defenses of the
United States a force consisting of
1754 officers and 41,833 enlisted men is
needed, while the corps has at present
only 525 officers and 13,744 men. He
also estimates the installation of fire
control equipment for coast artillery
will be \$7,000,000.

Following the advice contained in the
letter of President Roosevelt to the se-
cretary of war, dated March 13, 1905, in
which the president designated nine
specific subjects relative to organiza-
tion and training of the artillery arm
of the service, the annual report of
General Mills makes the following nine
recommendations:

Separation of coast and field artill-
ery; provision for submarine mine de-
fense; increase coast artillery for gun
defense; proper organization of coast
artillery; adequate pay for skilled en-
listed men of artillery; increase of field
artillery; proper organization of field
artillery and examination for promo-
tion for artillery officers of all grades;
increased appropriations for target
practice by both branches of artillery.

General Mills says that of the 125
companies of coast artillery forty-seven
are without captains. He says it is
important that the coast artillery com-
panies shall be commanded by cap-
tains.

General Mills refers to the joint exer-
cises of the army and navy which were
held in Chesapeake bay last summer,
and says the value and interest were
greatly increased by reason of the
fact that they gave opportunity to test
methods of fire control and other sys-
tems adopted by the coast artillery.

He recommends company organiza-
tion of coast artillery be abolished and
present coast artillery be made to con-
sist of specified officers and enlisted
men. He also recommends the separa-
tion of field artillery from coast artill-
ery.

NATIVE OF TENNESSEE.

Vice President of Isle of Pines Former
Resident of Nashville.

Nashville, Nov. 15.—S. H. Percy, vice
president of the Isle of Pines and a
leading spirit in the movement to an-
nex it to the United States and achieve
its independence from Cuba, is a native
of Welhamson county, this state, and
formerly resided at Nashville. He is
a brother of J. L. Percy, consul to Co-
lon under President Cleveland. Some
years ago Mr. Percy went to Havana.
When the exodus of rich Spaniards be-
gan he saw a great future in the Isle
of Pines, and he went there, securing
options on 150,000 of the 700,000 acres
of land comprising the Isle. He then
went to New York and formed the Isle
of Pines company, which closed options
on his holdings, and this company has
practically dominated the country since.

INTENDED FOR PASHA.

That Individual, However, Is Still a
Citizen of the Earth.

Constantinople Nov. 15.—Fehmi Pa-
sha, chief of the secret police of the
palace, was intended to be the victim
of Tuesday's bomb outrage. The pasha,
however, escaped unscathed and the
explosion did little damage. The bomb
was thrown from the roof of a house
on the main road in the Pera quarter
as Fehmi was passing in his carriage.
The attempt on his life is attributed to
Armenians, as an Armenian was dis-
covered in the house from which the
bomb was thrown.

NEARLY CLEAN SWEEP.

Only Four Dwellings and One Store Re-
main at Burke, W. Va.

Bluefield, W. Va., Nov. 15.—Fire
wiped out the entire town of Burke,
entailing a loss estimated between
\$200,000 and \$300,000. Only four dwell-
ings and one store remain of more
than 200 houses, and it was by heroic
work on the part of volunteers that
this small portion of the town was
saved.

POCAHONTAS MONUMENT.

Shaft Will Be Erected by a Western
Man Named Davis.

Richmond, Va., Nov. 15.—The direct-
ors of the Jamestown Exposition com-
pany have donated a site on the pro-
posed exposition grounds for a mon-
ument in the memory of Pocahontas,
the Indian princess. The shaft will be
erected by a western man named Davis.
His wife is a Virginian and a lin-
eal descendant of King Powhattan's
famous daughter.

THE SMALL PACKING HOUSE.

The Clarksville Times says the Red River county farmer who always has a well filled smokehouse in his back yard may not be getting as much free advertising as the big packers, but he is the owner of a packing house worth a whole lot more to his family and to all Red River county than any of the big Eastern concerns.

To which State Press, of the Dallas News adds, not to him alone does the benefits come. If he has a smokehouse the chances are that he is out of debt and the mortgage does not disturb him and his family even in the dead hours of night. His neighbors remark his happy condition, and they themselves follow his lines of life and are happy too.—Caldwell News-Chronicle.

The smokehouse and the ash hopper are time honored marks of prosperity on the farm.

COMIC OPERA.

An advance notice says: Mr. F. A. Wade, he of the old original Beggar Prince Opera Company, that gave such universal satisfaction in almost every city in the West, has made even a stronger bid for public approval in the shape of a brand new romantic comedy, entitled, "The Adventures of Fra Diavolo." The play is a revised version of the old opera Fra Diavolo, it having been recently rewritten by Mr. Wade himself, who by the way is the author of numerous other popular successes. Too much cannot be said in praise of this excellent organization, and theatre goers may look forward with pleasure to seeing what will no doubt prove the event of the season. Pretty girls, funny comedians and gorgeous costumes are much in evidence, and all should take advantage of the opportunity and reserve their seats early. Grand opera house, Friday, Nov. 17.

A. AND M. COLLEGE VACANCIES.

None of the Professorships are yet Filled Except Temporarily.

President H. H. Harrington of the A. & M. College has returned from Dallas, where he met the committee of the board of directors that is charged with the duty of filling vacancies in the faculty. The members of the committee are Hon. Geo. T. Jester, Hon. W. J. Clay and President Harrington. In the matter of a successor to the late Dr. T. C. Bittle, it was decided not to fill the vacancy until after the holidays, giving more time. It is recognized that it will be hard to find a man of the necessary qualifications, ministerial and educational, to fill the place. In the meantime the committee placed Mr. C. B. Campbell, instructor in modern languages, in charge of the department, with the temporary rank of associate professor.

Another vacancy to be filled is the position as professor of chemistry and chemist to the experiment station, made vacant by the election of Prof. Harrington to the presidency of the college. This vacancy like the other, the committee decided not to fill at the present time. Accordingly Dr. G. S. Fraps, who has been in charge of the work in chemistry since President Harrington gave up the work, was confirmed as acting head of the department and temporary state chemist.

The committee elected Dr. R. P. Marsteller, a graduate from the veterinary department of the University of Ohio, to fill the vacancy caused by the resignation of Dr. J. H. Reitz as assistant in the veterinary department. Dr. Reitz has entered the service of the federal government.

Another new man at the college is Mr. J. E. Lear, instructor in physics and electrical engineering. Mr. Lear is a graduate of the Virginia Polytechnic Institute. He spent a year in special work at Cornell, and has had several years practical experience.

On account of the committee at Dallas and other pressing business, President Harrington was unable to get off to Washington to attend the meeting of the presidents of the Agricultural and Mechanical Colleges held there this week.

BUSINESS LEAGUE WORK.

Plans for Fifth Anniversary Meeting in December—Resolutions.

The executive committee or board of directors of the Business League met at 5 o'clock yesterday afternoon in the office of the City National Bank to arrange for the big fifth anniversary meeting to be held in December. Webb Howell, J. T. Maloney, Dr. J. L. Fountain and Dr. W. H. Lawrence were appointed a committee to arrange a program for the meeting and take steps to secure a large attendance. W. E. Saunders was added to the committee.

Some changes in the constitution and by-laws for an increase in the dues and other matters looking to partial reorganization being deemed advisable, A. M. Waldrop, F. M. Law, Ed Hall and Tyler Haswell will submit the proposed changes in proper form to the next regular meeting of the league in December, acting as a committee from the board.

The subjoined resolutions, which are self-explanatory, were offered by F. M. Law and unanimously adopted.

Inasmuch as the State of Texas was in imminent danger of infection from yellow fever and inasmuch as the entire state escaped this dread disease on account of the efficient quarantine maintained by Dr. Geo. R. Tabor, state health officer, and his assistants, be it

Resolved, by the directors of The Bryan Business League that we commend Dr. Tabor upon his able, fearless and successful campaign, and resolved further that a copy of these resolutions be mailed Dr. Tabor and also given to the press.

Inasmuch as the holiday season is approaching and Houston and Dallas and other cities are giving fairs and carnivals to attract trade to themselves, and inasmuch as our home merchants are carrying large and well assorted stocks in all lines of goods, and inasmuch as we believe our city's interests can best be served by spending Bryan money in Bryan, be it

Resolved, That it is the sense of the board of directors of the Bryan Business League that the attention of our people should be called to this fact and that every patriotic and public spirited citizen of Bryan be urged to buy nothing from any market outside of Bryan unless it is impossible to secure what is needed in Bryan. The assistance of the ladies is especially asked in the carrying out of this policy.

W. C. B. Jolly and family and Cul Bolton and family of Rock Prairie left yesterday for Clyde, Callahan county, to make their home. The best wishes of many friends follow them. w2t

Men's 50 cent undershirts at 33 cents. Time to change for the heavy stuff. The dry goods man beats the doctor if you get to him in time. Now is the time—Coulter's special sale. w2t

The run on our notion counter keeps two salesladies busy handing out 1, 2, 3 and 4 cent articles. It is astonishing how many useful things the pennies will buy at Coulter's. w2t

Mrs. O. H. Astin returned from Mumford yesterday, accompanied by Mrs. W. E. Astin.

FAMOUS FOR TURKEYS.

Mr. John B. Mike is becoming famous for raising, buying and shipping turkeys all over the state. He is receiving no end of letters from north Texas on account of his exhibit at the Dallas fair, and now comes the Houston Post and Houston Chronicle with complimentary mention of his exhibit at the carnival. Under the head of "Immense Turkeys," the Houston Chronicle says: "Among the exhibits which arrived this morning was a coop of mammoth bronze turkeys. The largest of them weighed 81 pounds and the smallest 40 pounds. They were put on display in one of the show windows. They came from Bryan and from the poultry farm of J. B. Mike. Another entry sent in this morning by J. B. Mike of Bryan was a pair of peafowls of much beauty."

The exhibit he will send to the San Antonio fair will be equally fine and is yet to be heard from.

Aside from the fine turkeys he is raising, Mr. Mike is buying and shipping turkeys on a large scale. He shipped 500 to the Northern Produce Co. at Navasota yesterday. One hundred and ninety-six of these were purchased from J. T. Closs who drove the turkeys in on foot from Edge yesterday morning. Ninety others were brought in by Wilse Childress of Mecca, Madison county, and the remainder were brought in varying sized lots from D. C. and F. W. Locke, N. W. Lindsey, Jim Mathis, J. R. Shannon, S. C. Lawless and others.

The marriage of Mr. Claude Roberts, formerly of this city, and Miss Margaret Gunter is announced to take place at the First Presbyterian church in Dallas next Sunday.

A small orange tree, with the ripening fruit on it, and grown by Mrs. M. H. James in a hot house, is attracting no little attention at Mr. James' drugstore.

ONE MINUTE

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup.

Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure and gave her three doses half an hour apart. The croup was mastered and our little darling speedily recovered. I cannot praise One Minute Cough Cure too much for what it has done in our family.—A. L. Spafford, Postmaster, Chester, Mich.

ANOTHER STRIKE.

All Workers Are Asked to Bring About General Tieup.

St. Petersburg, Nov. 15.—The proletariat of St. Petersburg have summoned another general political strike beginning Wednesday at noon. This action was decided upon late Tuesday night by the workmen's strike committee, which is now completely under the domination of the Social Revolutionists, whose leaders openly proclaim that the ultimate object is the complete overthrow of monarchy and establishment of a democratic republic. This is also the real aim of the brothers of the Social Democrats of Poland, but the proclamation issued keeps this in the background and apparently supports popular sympathy for Polish autonomy and indignation against application of death sentence being imposed on the Cronstadt mutineers. The proclamation says: "The imperial government continues to walk over our corpses. It courtmartial the bold soldiers and sailors of Cronstadt who rose in defense of their rights and national freedom. It encircles weak and oppressed Poland with the iron ring of martial law."

The workmen's council calls on the revolutionary proletariat of St. Petersburg to renew the general political strike, which has already demonstrated its dread power, in order to show brotherly solidarity. It says: "Let workmen at St. Petersburg cease work with cries of 'Down with courtmartial. Down with the death penalty. Down with martial law in Poland and in all Russia.'" The committee appealed to strike committees throughout Russia to go into the movement and also appealed to railroad men with a view of bringing about another tieup.

One of the most potent arguments used at the meeting was that in this fight the workmen will have the efforts in behalf of the lives of the mutineers to increase sympathy felt for the workmen's cause and help them win over the army and navy to the cause of freedom. Some delegates who are having the great question of national economy uppermost in their minds, namely, how to increase incomes with diminished labor, protested that a political strike would interfere with the fight for the eight-hour day, but they were rudely waived aside by the majority, who claimed it will be time enough to deal with economic questions when they are finished with autocracy.

The strike commenced promptly on the Baltic and Warsaw railways, and it is announced that further lines will follow. Although workmen in many big establishments beyond Moscow and Narva gates and in Neva and Vassili Ostroff district promised to obey the strike leaders, those of pituloff and other factories declined to join the strike.

STILL RIOTING.

Both Sailors and Fort Artillerymen Participate in Outbreak.

St. Petersburg, Nov. 15.—Late reports from Vladivostok stated rioting still in progress. Both sailors and fort artillerymen participated in the outbreak. The commandant lost his head. The situation got beyond his control and energetic measures were not taken until a large part of the city had been destroyed. The population is still seeking refuge on vessels in the harbor.

According to one report from Vladivostok 300 rioters, mostly sailors and artillerymen, were killed or wounded during the first day's outbreak.

IMMENSE WALKOUT.

Almost One Hundred Thousand Workmen Quit Occupations.

St. Petersburg, Nov. 15.—Factories of the industrial district beyond Norvo and Moscow gates have shut down and Nevsky, Admiralty and Baltic yards, big tube works and all cotton and woolen mills on both of the Neva closed. Soon thousands of workmen were parading the industrial districts carrying red flags and forcing those who were reluctant to strike to join them. Orders for a general strike were wonderfully successful, almost 100,000 men walking out in obedience to the mandate of the strike committee.

Polish Patriots Arrive.

Warsaw, Nov. 15.—Count Tzasekiewicz, editor of Lihiski, and M. Jantsen, both prominent Polish patriots, have arrived. The governor general has suspended the Goleze, a Polish daily paper, and the Zaphadinjoolos, a Russian daily.

RUN OVER FATAL.

Member of Philadelphia Drug Firm Succumbs to Injuries.

Philadelphia, Nov. 15.—Harry C. Campion, aged sixty-five years, head of the wholesale drug firm of J. W. Campion & Co., died as the result of injuries sustained Tuesday night by being run over by a trolley car. Mr. Campion attempted to alight from the car while it was in motion and fell under the wheels. He was a prominent member of the Union League.

MINING CONGRESS.

Eighth Annual Session Being Held at El Paso.

El Paso, Nov. 15.—The eighth annual session of the American Mining congress opened here Tuesday.

The feature of the day was the annual address of President Richards, who believed a department of mines and mining in the president's cabinet would be a great help to miners and they were as much entitled to paternal consideration from the government as the farmers, now looked after by the agricultural department, or the shipping interests, looked after by the department of commerce and labor.

President Richards made a plea for honesty in high places and said miners should stand together and make an honest fight for their rights and against the crooks and rascals in the mining business.

HARRIS TESTIFIES.

Accountant Who Went Over Books Is on the Stand.

Crockett, Tex., Nov. 15.—In the trial of A. S. Busby, charged with misappropriating state funds while assistant financial agent of the penitentiary, C. T. Harris, who, together with Mr. Briggance, spent nearly four months investigating the books at the Rusk penitentiary some two and a half years ago, testified that their were several items which failed to appear on the monthly reports made by Busby to ex-Financial Agent Hill.

There is a long list of witnesses. Several testified Tuesday.

BACHELORS ENTERTAIN.

Among Remembrances Is a Basket of Young Felines.

Hico, Tex., Nov. 15.—At their bachelor apartments in the Rodgers building Messrs. H. E. Trippet and J. Will Mingus entertained numerous guests. Some 250 invitations were sent out. An orchestra furnished music and two young ladies served punch and wafers. In the office the gentlemen smoked, while the parlors and halls were thronged with the fair sex. Many guests brought friendship remembrances, ranging from a basket of kittens to elegant oil paintings.

AUTOMOBILE SERVICE.

It Has Been Inaugurated Between San Angelo and Sonora.

San Angelo, Nov. 15.—The Southwestern Transit company inaugurated an automobile passenger service between San Angelo and Sonora, Tex., a distance of seventy miles. The run is made in six hours over the company's own right of way. Stops are made at Christoval, twenty miles south of here; Eldorado, forty-eight miles, and Sonora, seventy miles. Fourteen passengers are taken.

HAD HANDS FULL.

Captain Arnold and Lieutenant George Were Busy Seamen.

New York, Nov. 15.—With a crew nearly all untried, Captain Arnold and Lieutenant George of the West Virginia have had their hands full for the last few days. It leaked out at the dinner of the British tars at Coney Island that on the morning before the fleet arrived in the harbor some artist had decorated one side of the vessel in

ADMIRAL BROWNSON AND THE WEST VIRGINIA.

a way which is not set down in the regulations.

Lieutenant George is affectionately known among the sailors of the West Virginia as "Bulldog" George. When the West Virginia hove in sight of the flagship on the morning before the fleet's arrival in port, the officers of the Massachusetts were greatly surprised to read on the side, in big black letters, which stood out plainly on the white background, "Arnold Sanitarium—Bull Dog" George, Keeper." One of the tars had been lowered over the side during the night with decorative intent.

The Massachusetts signaled the West Virginia immediately and a liberal coat of white paint was applied.

HURLED TO GROUND.

Mother Becomes Insane and Throws Little Son Out of Window.

Chicago, Nov. 15.—Becoming suddenly insane, Mrs. Benjamin Giest hurled her five year old son out of a third story window. The screams of Mrs. Giest attracted her landlady, who found her running around the room flourishing a revolver, while her little boy was begging his mother not to kill herself. Mrs. Giest lighted a gas jet and demanded that Mrs. Barton, her landlady, bring her lamps.

Mrs. Barton declared that she did not have any more and Mrs. Giest attempted to shoot her. Mrs. Barton closely pursued, fled to the sidewalk and made her escape. Mrs. Giest then rushed back to the room and picking up the little boy tossed him out of the window. The boy narrowly missed Miss Lola Woods, employed in a department store on the first floor, and crashed into a basket of crockery which had been left on the pavement. The child was taken to the county hospital where it was declared that he would probably die.

TIT FOR TAT.

Warrant Will Also Be Issued to Arrest C. W. Barron.

Boston, Nov. 15.—The issuance of a warrant for the arrest of Thomas W. Lawson, in connection with a suit for damages for criminal libel brought by Clarence W. Barron of Boston, was ordered by Judge Wentworth of the municipal court. By agreement of counsel, however, the warrant will not be served until Saturday next, when Mr. Lawson will appear to answer to the charge against him. Meanwhile counsel for Lawson states application will be made by his client for the arrest of Barron, also on charges of criminal libel. The allegations of Barron against Lawson are based upon statements made in a magazine article which appeared in October under the name of Mr. Lawson, and in various typewritten tissue market sheets circulated by Mr. Lawson. The counter charge grows out of alleged libelous matter against Lawson which has appeared in the market slips published by the bureau of which Mr. Barron is the head.

FRIGHTFUL MISTAKE.

Thomas Guinn Thought His Brother a Burglar and Killed Him.

Booneville, Ark., Nov. 15.—Walter Guinn, a young man, was shot by his brother, Thomas Guinn, who mistook him for a burglar at 2 o'clock Tuesday morning at the residence of their father, D. N. Guinn. It appears that Walter had arrived in town on a late train, and going to his father's home rapped on his brother's window for admission. Awakening suddenly, the brother, thinking of burglars, seized his shotgun and fired through the window with the aforementioned result.

The brother who fired the shot, which was fatal, is almost wild with grief.

Hyde Still on Stand.

New York, Nov. 15.—James Hazen Hyde continued his testimony Wednesday before the insurance investigation committee. He explained offers from various parties for his stock in the Equitable.
